Remote Interface:

Code matching (Match the Remote to the Controller):

Defaults Code: one Remote can control multi controllers

If you want to **match a Remote to one certain Controller**, you need to match the code of this Remote to the Controller.

Here Below shows you how to match the code:

- 1, Power on the Controller, and **within 5 seconds**, synchronously press the 2 keys on the Remote. As left image shown.
- 2, When the code matched successfully, the stripe (lighting) would triply flicker.
