Touch 6 keys with plastic shell panel

Model:AP-M201S/AP-M202S/AP-M203S

overview

Touch 6 keys with plastic shell panel controller is a new type of high-end controller newly developed by our company, which is designed with glass panel and has a beautiful and fashionable appearance, which can be installed on the wall. It is used to control all kinds of lamps and lanterns with LED as light source, such as: module, point light source, soft light strip, wall washer, glass curtain wall light, etc.; It has the advantages of convenient wiring and simple use; It can realize gradation, jumping, strobe, monochrome and other lighting change effects.

Product Applications

1. Interior decoration: clubs, bars, corridors, rooms, hotels, clubhouses, museums, etc

2. Outdoor decoration: squares, commercial buildings, parks, scenic areas, night scenes, etc

Product parameters

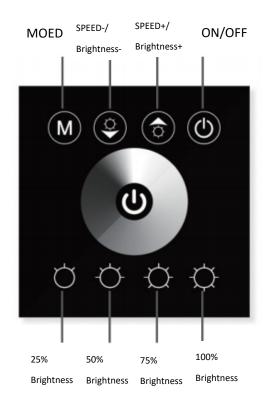

Operating voltage

DC5, DC 12-24V

Output power	60W<5V 144W<12V 288W<24V
Remote control distance	<20M
Battery type	3 x No. 7 (AAA) batteries
Standby power consumption	0.08mW
Operating power consumption	6mW
Connection	Yang level
Static power	<1W

Installation precautions

1. This product should be debugged and installed by professionally qualified personnel.

2. This product cannot be waterproof, it is necessary to avoid sun and rain, if it is installed outdoors, please use a waterproof box.

3. Good heat dissipation conditions will prolong the service life of the LED controller, please install the product in a well-ventilated environment.

4. Please do not install and use such products in lightning and thunder, strong magnetic field or high voltage occasions.

5. Please check whether the output voltage of the LED power supply used meets the requirements of the product voltage range.

6. The diameter of the wire used must be enough to load the LED lamp connected, and ensure that the wiring is firm, so as to avoid the wire overheating or poor contact triggering accidents.

7. Before power-on and commissioning, make sure that all wiring is correct to avoid damage to the lamps due to wiring errors.
